

Feature-Driven AI Governance

Ensure Scalable, Repeatable, and Efficient AI Solutions Throughout Deployment

CapTech's AI Governance solution is a configurable platform designed to orchestrate secure and efficient governance across the entire AI lifecycle. Leveraging advanced workflow automation, the solution ensures transparency, compliance, and scalability for organizations deploying AI at scale.

The platform integrates robust workflows, centralized repositories, and real-time monitoring to activate comprehensive governance strategies. With automated approvals, escalations, and audit trails, the solution empowers teams to manage risk, ensure traceability, and maintain operational efficiency throughout deployment.

KEY BENEFITS

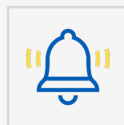

Enhanced Collaboration

Uses BPMN workflows, human oversight, and automated approvals to streamline operations.

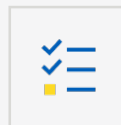

Centralized Model Repository

Enables universal access and efficient decision-making through DMN-driven repository and process templates.

Monitoring & Alerts

Integrates with model monitoring, delivers real-time alerts, and enables event-driven governance.

End-to-End Traceability

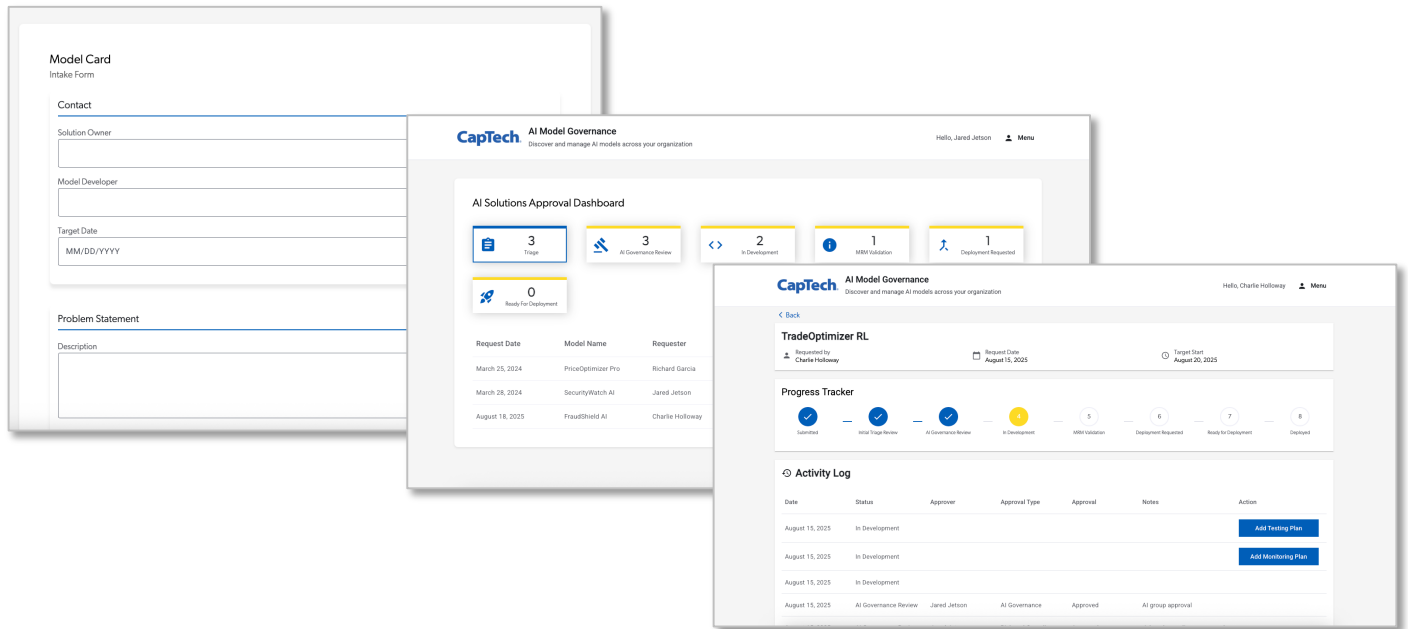

Maintains audit trails, decision logs, and compliance tools for reporting and analysis.

Configurable AI Governance

The solution can be customized with tailored intake forms, admin dashboards, and progress trackers that align with organizational needs and enhance usability, transparency, and trust in AI governance workflows.

Lifecycle Orchestration

Supporting both streamlined “happy path” automation for existing models and full lifecycle onboarding for new models, the solution ensures collaboration across business, control, and technical teams.

CapTech is a national consulting firm that helps clients grow efficient, successful businesses. We do so by bringing the data, systems, and ingenuity organizations need to stay ahead and transform what's possible in a changing world. Here, we're master builders, creators, and problem solvers who find inspiration in the unknown and enjoy getting our hands dirty as we design solutions for each client. Across industries and business goals, we fuse technical depth and analytical prowess with creative savvy to ignite innovation and move business forward. This drive helps each organization use technology, management, and insight to turn ideas into action. Together, we create outcomes that exceed the expected — which is one of the reasons we've been on the Inc. 500/5000 list for over a decade.
